Headteachers

14th June 2018

Dear Colleagues

As you know we have all been working hard to finalise the **Inclusion Charter**. Following on from the Inclusion Summit I now have pleasure in presenting the final version, which has had input from parents, pupils, Headteachers and SENCos.

We plan to launch this in September and are busy preparing a short film written and presented by our pupils, materials to run an assembly and model letters for you to send to your parents. We will be providing you with an A3 Inclusion Charter poster, which I hope will be displayed in your Reception area. If you would like multiple copies please email cypds@achievingforchildren.org.uk. We will also be providing cards for the children and young people to keep.

I would be grateful if you could present this at your next governors meeting or share with your SEN governor to get everyone on board with inclusion in your school and enable us to be one of the leading authorities for inclusion and showing that '**Everyone Matters**'.

Yours sincerely

Kevin McDaniel
Director of Children's Services
