

Name of Governor	Revd Jon Hutchinson
Date of Visit	24 th May 2023
Agreed Focus for Visit (linked to SEF, SDP & Key priorities)	Safeguarding
Name of Staff	Carmel Barnes
HUGG shared? (if subject area)	
Next Steps/follow up from previous monitoring. I was following up the work Wendy does on the SCR and all is in hand there. I was also following up the implementation of CPOMS and consulting on any current safeguarding concerns.	
Key Area in SDP: Dolapo and I saw how CPOMS looked and was being used on our last visit, I wanted to see how it's use had developed. It is all we could have expected and more and the ease with which staff can create an on-going chronology of any cases is terrific. Carmel was able to use the system to help explain a current situation she felt I needed to be aware of and I was impressed twofold – just how well the system does what one requires, and the steps taken with the family involved that we discussed.	
Actions used to identify findings. I spoke with Wendy about the SCR and am satisfied that its management is in hand. We spoke about a particular case concerning references which are delayed. Our risk assessment is to set a short deadline by which they must be received, or we have no choice but to have a staff member off-site until satisfactory references were supplied. We felt there was no risk to any children. I also wandered about the school and spoke to a number of staff about CPOMS. All had been able to access and all felt confident that they could use it should they need to. Obviously for them it's early days.	
What outcomes have been identified as a result of my visit. Next time I'll quiz staff further about CPOMS and ask them to show me how to access it. My aim is that all the staff are robustly confident in using the system.	
How I witnessed the vision in action during my visit ('I know there is nothing better for people than to be happy and do good while they live.' Ecclesiastes 3:12) As I went through the school it was quiet, busy and purposeful. The children were settled in their work and the atmosphere was positive.	
Impact of this visit To be able to advise the governing board that we are active in safeguarding and taking appropriate actions.	
Aspects I would like clarified/Questions I have As noted above, that all staff are completely at ease with CPOMS.	

To be shared with the school staff and school Governing Board.

Signed:
(Governor)

12/6/23.
