Dear Parents/Carers

Term 4 Value - Compassion

Thank you for the positive feedback about our Easter Services. It is always uplifting for us to hear kind words. I'm sure you'll all agree that staff and pupils produced two beautiful services for us to celebrate probably the most important date in the Christian calendar.

Today the children have been taking part in a Fun Run in aid of Sports Relief and we thank you for sponsorship received so far. Please can you make sure all monies are returned to school by Thursday 29th March at the latest so that we can calculate our grand total and forward your donations to the right place in good time? With many thanks!

Don't forget that next Tuesday afternoon we will be converting our School Hall into an Art Gallery to showcase your children's work on this term's project, 'Take 2 Pictures', featuring Monet's 'Water Lilies and the Japanese Bridge' together with Banksy's version 'Show me the Monet.' Come along from 2.30pm to see what the children have made of these two fascinating pictures.

Redevelopment of Sunningdale Park Site

As many of you will know the Sunningdale Park site is to be developed in the near future and a planning application is currently with RBWM awaiting comments from the public. It is notable that the development will mean opening the access road which is almost opposite to the junction with Church Road and Station Road. The analysis of current traffic flows and movements do not include this access as it isn't currently used at all. Further, it's not clear that the analysis carried out takes into account the movement of traffic around our school at key times during the day, which is already problematic.

The proposal includes introducing traffic calming measures opposite the school entrance gate with traffic priority in one direction, widening the road at one point and narrowing the road at another. This does not take into account how traffic movement will take place with the line of parked cars which exists at certain times of the day on

Station Road, or the inappropriate parking by some of our parents.

The application has 258 documents and we have not had time to analyse them all. In the meantime we can point you towards Transport Assessment Part 1 page 57 which refers to a 'buildout' which will reduce the road to one carriageway outside the school gate, with this being shown in a diagram in Figure 10 in Transport Assessment Part 2. It is also unclear from this diagram how vehicles entering and leaving the school premises will interact with this 'buildout', which can include large vehicles at times and cars using the gate whilst children are arriving at and leaving the school site. The school have requested a meeting with representatives from RBWM but in the

Meantime we encourage you to look at the Planning Application and respond with your comments if you are able to do so. It is the volume of relevant comments that will influence the design of the road directly outside of the school gates.

All comments MUST be submitted by 30th March.
