

FEEDBACK on RBWM's special educational needs and disabilities (SEND) five year strategy

www.rbwm.gov.uk

Please join us to hear the feedback on the new SEND strategy consultation

Key stakeholders are invited to attend a public meeting at which a senior manager from Achieving for Children's Education and Inclusion services will explain the consultation response and feedback the report.

The borough's newly established Parent Carer Forum will also be providing a status update and will be sharing how you could give voice to your family's SEND needs.

We will also be asking for stakeholder views on the implementation of the new SEND strategy.

We are committed to working with our key stakeholders: parents and carers and children and young people, schools, settings, providers and other professional bodies to identify the best way to implement our aspirational vision for pupils with SEND.

Please book a place by using the link below.

Parent and carer event online
Thursday 16 June, 1.30pm to 2.30pm
