3rd May 2024

Dear Parents and Carers,

The Governing Board was pleased to receive the report from our recent Ofsted inspection, and proud with the outcome that our school remains Good.

We are particularly pleased with the strong pupil voice reflected during the inspection, with Ofsted noting that "Pupils are proud advocates for their nurturing school. They live up to the school's vision to 'do good and be happy' at all times."

We acknowledge the areas for improvement identified and the requirement to improve staff's subject knowledge so that it is consistently strong across all subjects, including phonics.

The areas highlighted in the report for development (early reading and curriculum subject knowledge) had previously been identified by the Leadership Team prior to inspection. The Board is confident that the recent introduction of a new ELS phonics scheme in conjunction with the new Holy Trinity Curriculum will support the continued development of the children's learning and associated progression. We continue to support the Leadership Team in their concentrated efforts to further develop these areas.

In conjunction with the report from Ofsted we note our recent achievements in statutory tests that show our children perform above national average in phonics and reading, by the time they leave Holy Trinity:

	Holy Trinity 2023	National 2023	RBWM 2023
Phonics (Y1)	93%	79%	80%
Reading (KS2 SATS)	87%	73%	77%

We would like to take this opportunity to thank the Leadership Team, all staff, parents, carers and pupils for their contribution to this outcome and for continuing to support our school.

Yours sincerely,

Tim Fettes
Chair of Governors
